

Theater Arts 120

Last week we began our focus on musicals. You were to do research on what makes a great musical and then apply that knowledge and critique a musical of your choice.

For the next two weeks you are going to apply that knowledge and write your own mini-musical! This is also the final assignment for our course as Home Learning finishes on June 12th.

Assignment:

1. You are to write a musical that includes 3-5 songs. It does not have to be the full song (i.e. it can be the chorus or a verse only).
2. Your musical needs to be minimum 3-5 pages long and must include details, like location of the scene, characters, actions, and dialogue.

Here are some links that might help: a how-to and a script sample.

3. Once you have the script done, send in a short (1-2 minute) video of you performing a part of your script.
4. Send it in to me! Jessica.doucet@nbed.nb.ca

You have the next two weeks to do this. It is due by the last day of Home Learning – June 12th.

I am looking forward to reading your scripts and watching your videos! 😊

Have a fantastic two weeks.
