**Hello Everyone,**

**I am posting the final two weeks of home learning. I look forward to our communication over the next two weeks, although seeing all of you face to face would certainly be much more pleasing. This new normal has certainly been a challenge for all of us. I wish for you good health and happiness moving forward. Stay Safe. Take Care. 😊**

## **Week 9**

### **Reading, Writing, and Listening Activities**

1. I am sending resources which you must read carefully, and follow along, as you go to links, watch videos and respond to the questions. When you must respond or write a paragraph, etc.... you still write it on word to send it to me. For the questions that ask you to choose a video or an audio response, you may choose to write it if you do not have the technology or know how.

## Writing Activities

**1.** Complete **five** glossary word entries.

36. prettier
37. rearrange
38. replacement
39. richest
40. semi-final

Here is an example in case you forgot how to continue the process.

You can use the example as a checklist to make sure you have completed all the steps.

**Checklist/Example:** What is the definition of the glossary word?

Does the word have a prefix or a suffix or both?

What is the root word?

What are some other words related to the root word (find 2)?

Write a sentence using the glossary word (it may be written using different suffixes).

### **Example of a completed word:**

Antifreeze - a liquid, typically one based on ethylene glycol, that can be added to water to lower the freezing point, chiefly used in the radiator of a motor vehicle.

Prefix –anti which means opposed to or against.

The root word is freeze.

Two other related words are: freezes, freezing

The Bay of Chaleur does not freeze completely, during our long, cold New Brunswick winters.

**\*\*As a challenge ask your parents, guardians, siblings, or friends to make up a sentence using the glossary word also, or see if they are able to define the word, spell the word, or tell you what the prefix or suffix is.\*\***

**2.** I would like you to add one statement and an expression to your gratitude journal.

## Week 10

### Reading, Writing, and Listening Activities

1. I am sending resources which you must read carefully, and follow along, as you go to links, watch videos and respond to the questions. When you must respond or write a paragraph, etc.... you still write it on word to send it to me. **For the questions that ask you to choose a video, blog or an audio response, you may choose to write it if you do not have the technology or know how.**

How do people use their voices to communicate their challenges and triumphs with the world? This unit focuses on oral communication and listening skills. You will apply a variety of listening strategies while learning about topics like consent, sexual health, and healthy relationships. Then you may use vocal strategies to share your own ideas.

Look through the four links and **choose only two** unless you want to challenge yourself and do them all.
