

Message for parents and guardians:

The *English Language Proficiency Assessment/Reassessment (ELPA/R)* is normally administered during the high school exam period in January. This year, at the request of the school districts, it has been delayed and will be administered between **April 19 and May 5**.

The *ELPA/R* is an assessment of student reading comprehension skills. It is compulsory for all Grade 9 students and is a graduation requirement, unless an exemption is granted. Students who are unsuccessful in Grade 9 may participate again in Grade 11 and Grade 12, if necessary.

This year will be the first time the *ELPA/R* will be delivered online. In preparation, a short practice test will be available beginning on April 6. Students will be able to access this from school or home as often as they wish. This will provide the opportunity for students to become familiar with the assessment format and to explore the available accommodations.

Please ensure that students:

- check their devices prior to April 6 to be certain they meet the technical requirements of the online platform
- alert the school if they do not have access to a suitable device so that alternative measures may be taken
- bring their devices to school on the day of the assessment fully charged and with a charger
- explore the practice test in preparation for the assessment

Most current web browsers will support the online platform. Internet Explorer will not.

This assessment may not be completed on a smartphone .

The *ELPA* must be written while students are at school.

For this year only, Grade 9 students who are unable to come to the school during the administration period will participate in the assessment in Grade 10. Grade 12 students who need to rewrite the assessment to graduate and are unable to come to the school during the administration period must consult with their school's Guidance teachers.

Grade 12 students "*are unable to come to the school during the administration period*" is limited to students who have:

- vulnerabilities that mean they have not been able to attend school this year
- been instructed to self-isolate beyond the weeks of the assessment
- classes or schools that are in lock-down

For information about available accommodations and conditions for exemption, please consult the [*Protocols for Accommodations and Exemptions Guideline*](#).

Message for students:

Important Information for Grade 9 Students

The *English Language Proficiency Assessment/Reassessment (ELPA/R)* will take place between **April 19 and May 5**.

The *ELPA/R* is an assessment of student reading comprehension skills. It is compulsory for all Grade 9 students and is a graduation requirement, unless an exemption is granted. Students write it in Grade 9 but can try again in Grade 11 and/or 12 if they are unsuccessful.

This year, the *ELPA/R* will be administered online. To help you prepare, a short practice test will be available beginning on April 6. You will be able to access this from school or home and can access it as often as you like. Exploring the practice test will make sure your device is set up correctly for the actual assessment. It will also provide you with the opportunity to get familiar with how the assessment and all its components will work.

If you require accommodations to write the *ELPA/R*, participating in the practice test will make sure things are set up properly for you.

You will need to:

- check your device ahead of time to ensure it supports the assessment website (Internet Explorer will not work)
- arrange with your school if you do not have access to an appropriate device
- bring your device to school on the day of the assessment, fully charged and with a charger

You must be in school on the day of the assessment.

You may not use a smartphone to write the *ELPA*.
